PANELISTS

THE FUTURE FOR MEDICINES INNOVATION

A wave of biopharmaceutical innovation is breaking around the world - but is Ireland ready to catch it?

EY, along with other industry thought-leaders, explore the new treatments on the horizon, how they should be regulated and priced, whether we are set up to discover, make and adopt them, and how patients here fare in a European context on getting fast access to breakthrough innovation.

- **Giorgia Leoni**,
Director, EY Life Sciences EMEA, Market Access and Pricing Strategy.
- **Michelle Cuddigan**,
Director, EY Ireland Life Sciences Advisory Lead.
- **Glen Ogden**,
Chief Operating Officer, Guardtime Health.
- **Colette Goldrick**,
Director of NHS Engagement,
Association of the British Pharmaceutical Industry.
- **Philip Watt**,
CEO, CF Ireland.
